NEWS OF THE SOUTH SIDE

INQUEST BEGUN ON
SOUTH SIDE SUICIDE

Coroner's Jury Orders a Postmortem to Be Made on the Body of the Victim of the Suicide of the South Side.

An inquest into the cause of the death of P. H. Mearns was held by Coroner Dr. C. W. C. in the south side police court yesterday afternoon. After taking the oath of office, the jurymen John T. Radford, L. L. Polner, P. R. Brown, R. A. Haines, L. M. Rye and Harry Wilson, foreman, viewed the body of the deceased at Waterhouse's undertaking parlor. The court of inquiry heard the sworn testimony of John O'Brien, Ernest Clark, Adolph Drebert, Jas. Elrich, P. W. Ingram, Constable Scott and Constable Moore.

The jury adjourned at 10:15 a.m. on Thursday to hear the testimony of the post mortem examination which will be made in an effort to

ascertain the cause of the death. The body of the victim was found on the south side of the river, near the foot of the bridge, on the night of July 1st.

It appears that James Zahary refused to buy a drink for the deceased who then left the bar room and returned later and struck Zahary on the head with the butt of a revolver which he held in his right hand.

The wounded man fell down on the bar room floor and gasped for breath. He was then taken to the hospital where he died.

When the post mortem disposes of the body, it will be decided whether it is possible to have been fired from the 25 caliber revolver produced in court.

THE CASE OF CHAS. TRAVEL

From the evidence of several, the route of the chase was traced from the bar room of the Commercial hotel to the hotel from whence the 25 caliber was taken by the police a few minutes later. Each witness in turn told how he took up the chase and fired part of the crowd of 500 who tried to stop the man with the gun. All the witnesses swore that they had no gun and saw no other gun than the one which P. W. Mearns carried.

The number of shots was a disputed

point according to the witnesses who testified.

Told of Mearns.

John O'Brien, a resident of the south side, told of his observation of the movements of P. H. Mearns on the night of July 1st.

It appears that James Zahary refused to buy a drink for the deceased who then left the bar room and returned later and struck Zahary on the head with the butt of a revolver which he held in his right hand.

runner with the gun as he passed the South River. Then on July 2nd, he was seen by P. H. Mearns at one of the corners. Then he heard another shot in the back of the head. He said he did not hear a shot fired from the south side.

Adolph Drebert, who told of seeing a shot fired in 3rd avenue south and another shot fired from the south side.

James Elrich, a boy of 14 years of age, told a story which placed the scene of the shooting at the Commercial hotel.

The lad told how he had heard the noise of the chase and holding another boy by the hand he ran off after taking a short cut to the back of the hotel.

There the lad saw the chase and saw the deceased man, his arm and fire a shot downwards. This was the last shot, he said, "here I saw."

The boy also explained that the first shot whistled but the last shot did not.

Testified to Chase.

P. W. Ingram told of coming in the chase and how he helped the wounded man's head, which was covered with blood and how some of the blood seemed to be dry and hard to wash off. He also picked up the gun which he found on the ground to

the man's side. He confirmed of the cause of the delay in the arrival of the ambulance.

No Guns for Constables.

The constables told how they had come to have no guns on them at the time. Constable Scott said he expected to be too busy handling drunk and did not want to be inconvenienced with a gun, while Constable Moore said he was off duty and in plain clothes.

The gun found by the wounded man was a 25 caliber with 3 expended shells and 2 unexpended Winchester shells loaded with smokeless.

SOUTH SIDE POLICE COURT.

The south side police court sat at 10:15 a.m. on Thursday. The docket for the past month.

The docket for the past month. With the post-mortem examination to come this month it is hard to tell what the total will be for the month of July. It is doubtful the police will after Monday's experience be reinforced and prepared to do quiet business for all subscribers.

The charge of indecent assault against Edward Rice was remanded in order to allow time for the appearance of necessary witnesses. James McKay, Wm. McMaster, Jas. Vandal and Charles Vandergrift, were fined

each \$5 and \$1 costs for being drunk. James Orr, James McLaughlin, and Patsy Hendry were each fined \$1 and \$1 costs on the charge of drunkenness. Jack Hroby, Alton Hating and Lester Forpiece were each fined \$5 and costs for being drunk and creating a disturbance. The fine did not cost any more than a jury trial.

Frank Cross and Edgar Hildner were brought in by the police for fighting and creating a disturbance. They had no money left to leave as bail but as the rolls at the time happened to be full of more than two had to be allowed to go on their word of honor that they would not come more than once and would return to court at ten in the morning. Cross appeared as agreed but as Hildner did not appear on his bargain they were released for Hildner's arrest.

Wm. Stevens was charged with being drunk and creating a disturbance. He pleaded guilty and claimed that he was embarrassed by the case. His case was remanded until Tuesday, July 3rd at 10:15 a.m. Since he is pleading the case it may lead to some interesting developments.

The total proceeds of the proceedings of the day after the celebration amounted to \$14.00 fines and \$16.00 costs.

On June 28th, 1912, the arrears of taxes on the south side of Edmonton were \$22,144.75, while in 1911 the arrears on the same date were \$11,128.23. This indicates the satisfactory result of the tax sale of last year and also a present prosperous tax paying community. This for sale was the means of clearing up the arrears on the tax roll and bringing the city's finances into a more satisfactory condition.

with three cases still to be heard from the court collected with nearly 100 the making of the whole police force for their services in connection with the celebration. But another strange feature of the affair is that the levy of fines and costs is in many cases legally made upon those unfortunate men who had already spent all or almost all of their money for booze.

SOUTH SIDE FOOTBALL.

The south side Y. M. C. A. team for the game against St. George's tonight will be as follows:

Goal, Van Veen; backs, Cox and Hinchey; half backs, Kent, Price, Foster, forward, Hines. Forester, Hudson, Todd, Neil; reserves, Hummel and Anderson. The game will be played at 7 p. m. sharp, at the south side athletic park.

RESULTS OF TAX SALE.

On June 28th, 1912, the arrears of taxes on the south side of Edmonton were \$22,144.75, while in 1911 the arrears on the same date were \$11,128.23. This indicates the satisfactory result of the tax sale of last year and also a present prosperous tax paying community. This for sale was the means of clearing up the arrears on the tax roll and bringing the city's finances into a more satisfactory condition.

WEDNESDAY, JULY 3, 1912.

NOTHING TO OFFER.

The Lethbridge News says: "The News has been reminding its former readers for some time past, in the event of a strike in this year, chances are that there will be as great, if not greater, grain blockade than occurred a year ago." The News is a supporter of the Borden Government. Apparently the only hope it sees of avoiding a grain blockade is in a crop failure.

DISQUALIFYING.

From destroying private property the English suffragettes have fallen, and now are engaged in good progress in the work. That they are thereby convincing the Englishman that they should have votes may be doubted. It is a matter of British government, that social peace begins at home, and that the individual who has proved himself is best fitted to help govern the country. The suffragettes do not seem to be aware of this.

SHIPPING THE BLAME.

The Manitoba Telephone Commission has resigned. In other words, the management of the Provincial telephone system which threatened to wreck the Roblin Government is being handed over to the commission. A commission, the Adams' view, is a convenient party upon whom to put the blame when the party is really responsible. It is a reckoning. The directors of Manitoba could not do better than follow the precedent which was not upon the occasion alluded to, and put Mr. Adams out of the garden also.

"KIERKE".

The British tariff advocates are accused that the Government should have appointed free-traders to the Imperial Tariff Commission. These who clamor for tariff favors seem to have no objection to the process a "nerve" beyond the ordinary. Canada's representative on the Commission is Hon. Geo. E. Foster, pronounced high-tariff man. But, from the high-tariff views prevail in Canada more widely than "protectionists" views in England, there has been no outcry against Mr. Foster's appointment, or because some one of low-tariff views was not appointed in his place.

THE HEBERY HUNTERS.

A dismissed homebased inspector at Laidman has issued an open letter to the Minister of the Interior offering to pay \$10,000 for any party producing evidence that he ever used his official position for political purposes or asked or suggested how any man should vote. Mr. McArthur is making a mistake, not in offering the money but in assuming that he was discharged for some supposed misconduct. He was discharged because he was a Liberal. It is not for any misdeed that they are accused of that Liberal officeholders are dismissed, but for their opinions. The letter of dismissal does not usually intimate that any such accusations have been made. Like the Laidman, the Laidman Government is a ruler of loyalty, a purveyor of secret sympathies, and is to be suspected of cherishing heretical notions is an offense punishable by official death. An official is merely non-partisan in so far as he is not in the present administration. He must also be in an unsuspected agreement with the authors of their political doctrine, a steadfast believer in the rectitude of trade, a firm supporter of the divine right of the monarch, and a sympathetic associate of those who talk of shooting back in the Union Jack.

CURRENT COMMENT

St. Thomas Times—A railway telegraph operator in Manitoba who was found drunk on duty was recently fined two years in the alternative, or a fine of \$100. This is a powerful factor in temperance efforts of late. The Dominion even demand other employees.

Vancouver Province—"An English horse and a man going to jail" is the end. The Vancouver Province, July 1, 1912. "An English horse and a man going to jail" is the end. The Vancouver Province, July 1, 1912.

Montreal Gazette—At the race at Montreal, France, the other day it was noticed that the motorist had lost his car and was replaced by "a very good car" in the hands of a Frenchman. It looked like a case of a Frenchman's car being replaced by a Frenchman's car.

Montreal Star—It is time, says the Montreal Star, Chief Murphy, of the United States, that the United States should be more active in the work of the United States. The Montreal Star, July 1, 1912.

Ottawa Free Press—It is just about this time of the year that the wheat crop is at its peak. The Ottawa Free Press, July 1, 1912.
